

# New York Stock Market

New York, November 20.—A further disposition to await the outcome of events at home and abroad was manifested by to-day's stock market. Trading for the greater part of the session was of a professional character, and movements were extremely narrow.

The tendency was mildly reactionary in the early hours, with heaviness in United States Steel, Reading and a few other speculative favorites. In the final hour, to the accompaniment of some activity, pressure relaxed slightly, and recoveries to or slightly above yesterday's close were recorded, despite a sudden advance in call money to 6 per cent.

London's markets were depressed at the outset, but recovered later, and some buying for that account was reported here. The demand was chiefly for Copper and Union Pacific. Paris prices indicated firmness. Berlin was observing a religious holiday. Foreign exchange displayed further weakness, the rate approximating the gold import parity, but as yet negotiations for the metal by United States bankers have not proceeded beyond the tentative stage. Time money, while nominally unchanged, was actually inclined to ease for the longer dates. Some important financing was announced in the course of the day. The New York New Haven and Hartford sold \$10,000,000 one-year notes to a banking syndicate, a considerable part of which, it is understood, will be used for refunding purposes. Directors of the Vanderbilt lines authorized the issuance of \$24,000,000 equipment notes, a large share to be applied to payment of construction material and rolling stock.

Bonds followed the course of stocks, shading a trifle in some of the more important issues.

New York, November 20.—Money on call, 5 1/2 to 6 per cent; ruling rate and closing bid, 5 1/2; offered at 6 per cent. Time loans easier; six days, 6 per cent; ninety days, 5 1/2; six months, 5 1/2; one year, 6 per cent. Prime mercantile paper, 6 per cent. Sterling exchange, steady, with actual business at bankers' bills at \$4.87 1/2 for sixty-day bills and at \$4.84 1/2 for demand. Commercial bills, \$4.80 1/2. Bar silver, 62 1/2.
